

Donor Risk Assessment Interview

Addendum to Assist with Screening for Risk of Zika Virus (ZIKV) Infection

Living Donor – Delivery Mother (of Birth Tissue)

<p>Z1. Were you told by a healthcare professional you were infected with the Zika Virus?</p>	<input type="checkbox"/> No <input type="checkbox"/> Yes	<p>Z1a. When were you diagnosed with Zika Virus?</p> <p>Z1b. Provide any contact information for the healthcare professional (e.g., name, group, facility, phone number, etc.):</p>
<p>Z2. Describe areas you traveled to, and the places you lived, during this pregnancy.</p>		<p><i>(Document areas traveled to, and the places where she lived, during this pregnancy.)</i></p>
<p>For the next question, sex refers to any method of sexual contact including vaginal, anal, and oral.</p>		
<p>Z3. During this pregnancy, have you had sex with a man, even once?</p>	<input type="checkbox"/> No <input type="checkbox"/> Yes	<p>Z3a. Was he diagnosed with a Zika Virus infection?</p> <p style="margin-left: 20px;"><input type="checkbox"/> No</p> <p style="margin-left: 20px;"><input type="checkbox"/> Yes <i>If yes,</i> Z3a(i). When was he diagnosed?</p> <p>Z3b. Did he travel to or reside in an area with active transmission of Zika Virus?</p> <p style="margin-left: 20px;"><input type="checkbox"/> No</p> <p style="margin-left: 20px;"><input type="checkbox"/> Yes <i>If yes,</i> Z3b(i). When was it?</p>
<p>Z4. Did you recently have any symptoms such as:</p> <p style="margin-left: 20px;">Z4a. joint pain?</p> <p style="margin-left: 20px;">Z4b. conjunctivitis, which is also called "pink eye" or "red eye"?</p>	<input type="checkbox"/> No <input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Yes	<p>Z4a(i). When?</p> <p>Z4a(ii). Describe the joint pain and reasons.</p> <p>Z4b(i). When?</p> <p>Z4b(ii). Describe the conjunctivitis and reasons.</p>

Donor Risk Assessment Interview

Addendum to Assist with Screening for Risk of Zika Virus (ZIKV) Infection

Living Donor – Delivery Mother (of Birth Tissue)

NOTE regarding recent symptoms: If your DRAI form does not already include questions about a recent **fever** and **rash**, they should be added because they are common symptoms of a ZIKV infection along with joint pain and/or conjunctivitis (red eyes, pink eye). See CDC [Symptoms, Diagnosis, & Treatment](#).

The question regarding international travel that appears on your DRAI form should continue to be used. The flowchart example for that question has been updated to include ZIKV risk. Because active areas of ZIKV transmission can change, the following link should be accessed on a regular basis: CDC [Active ZIKV transmission areas/maps](#) or [Zika Travel Notices](#).
